📍 Esfahan, Masjed Ali Street, Shahid Hadian, Isfahan, Iran

## Profile Summary

Junior, motivated web developer looking for a role as a backend developer. I am interested in making web applications and games, and during my internship I developed an electronic store website for a technical office. The skills related to this project include template design, programming, database design and analysis, etc.

## Projects

### ecommerce application stationery and printing orders

For: Alireza Shams  
October 2022  
This is a stationery store that has a department for ordering products such as business cards, pamphlets, etc. The site template design, programming and analysis and database design were all done by me.
